

# A POETRY READING

**Feathered Dreams:**  
celebrating birds in poems,  
stories & images.

JANET M. RUTH

Janet's poetry and stories are tightly bound to and inspired by her connections with the natural world. She often thinks of them as embodying all of the observations from the world around her that wouldn't fit into her scientific manuscripts. Her new book - **Feathered Dreams: celebrating birds in poems, stories & images** - is dedicated to 2018, the Year of the Bird.

.....  
*Please call 303.979.2475 to RSVP*
